Subject Index

Hearing

Nature of Hearing and its Disorders

Hearing Loss and Deafness

Use of Speech by Children From Total Communication Programs Who Wear Cochlear Implants. Geers, A., Spehar, B., & Sedey, A. 11(1), 50–58.

Intervention

Habilitation, Rehabilitation, and Education

Disabilities as Viewed by Four Generations of One Hispanic Family. Salas-Provance, M. B., Erickson, J. G., & Reed, J. 11(2), 151–162.
Use of Enhanced Natural Gestures to Foster Interactions Between Children With Angelman Syndrome and Their Parents. Calculator, S. N. 11(4), 340–350.

Folk Beliefs Regarding Cures for Hearing Problems

Disabilities as Viewed by Four Generations of One Hispanic Family. Salas-Provance, M. B., Erickson, J. G., & Reed, J. 11(2), 151–162.

Phonological Intervention

Treating Phonological Disorders in a Multilingual Child: A Case Study. Ray, J. 11(3), 305–315.

Language

Nature of Normal Language

Language Development

Accuracy of Online Language Sampling: A Focus on Verbs. Furey, J. E., & Watkins, R. V. 11(4), 434–439.
Language Development and Delay in Internationally Adopted Infants and Toddlers: A Review. Glennen, S. 11(4), 333–339.
Oral Language Expectations for African American Preschoolers and Kindergartners. Craig, H. K., & Washington, J. A. 11(1), 59–70.
Typical and Atypical Language Development in Infants and Toddlers Adopted From Eastern Europe. Glennen, S., & Masters, M. G. 11(4), 417–433.

Language Use in Adults

Black and White Adults' Expressive Language Performance on Three Tests of Aphasia. Molrine, C. J., & Pierce, R. S. 11(2), 139–150.

Language Differences and Different Languages

An Analysis of the Test of Language Development–Primary for Item Bias. Hammer, C. S., Pennock-Roman, M., Rzasa, S., & Tomblin, J. B. 11(3), 274–284.
Black and White Adults' Expressive Language Performance on Three Tests of Aphasia. Molrine, C. J., & Pierce, R. S. 11(2), 139–150.
Characteristics of Vietnamese Phonology. Hwa-Froelich, D., Hodson, B. W., & Edward, H. T. 11(3), 264–273.
Language Development and Delay in Internationally Adopted Infants and Toddlers: A Review. Glennen, S. 11(4), 333–339.
Oral Language Expectations for African American Preschoolers and Kindergartners. Craig, H. K., & Washington, J. A. 11(1), 59–70.
Typical and Atypical Language Development in Infants and Toddlers Adopted From Eastern Europe. Glennen, S., & Masters, M. G. 11(4), 417–433.

Verbal Learning and Memory

Understanding the Language Difficulties of Children With Specific Language Impairments: Does Verbal Working Memory Matter? Montgomery, J. W. 11(1), 77–91.

Language

Language Disorders in Children

Accuracy of Online Language Sampling: A Focus on Verbs. Furey, J. E., & Watkins, R. V. 11(4), 434–439.
Early Communication, Symbolic Behavior, and Social Profiles of Young Males with Fragile X Syndrome. Roberts, J. E., Mirrett, P., Anderson, K., Burchinal, M., & Neebe, E. 11(3), 295–304.
Evaluating Articulation and Phonological Disorders When the Clock Is Running. Bleile, K. 11(3), 243–249.
Fluency of School-Aged Children With a History of Specific Expressive Language Impairment: An Exploratory Study. Boscolo, B., Bernstein Ratner, N., & Rescorla, L. 11(1), 41–49.
Language Development and Delay in Internationally Adopted Infants and Toddlers: A Review. Glennen, S. 11(4), 333–339.
Miscue Analysis in School-Age Children. Laing, S. P. 11(4), 407–416.
Shared Storybook Reading as an Intervention Context: Practices and Potential Pitfalls. Kaderavek, J., & Justice, L. M. 11(4), 395–406.
Speech and Language Skills of Individuals With Prader-Willi Syndrome. Lewis, B. A., Freebairn, L., Heeger, S., & Cassidy, S. B. 11(3), 285–294.
The Sixth View: Assessing Preschoolers' Articulation and Phonology From the Trenches. Khan, L. M. 11(3), 250–254.
The Use of Rating Scales With Children Who Have Language Impairments. Redmond, S. M. 11(2), 124–138.
Typical and Atypical Language Development in Infants and Toddlers Adopted From Eastern Europe. Glennen, S., & Masters, M. G. 11(4), 417–433.
Understanding the Language Difficulties of Children With Specific Language Impairments: Does Verbal Working Memory Matter? Montgomery, J. W. 11(1), 77–91.
Use of Enhanced Natural Gestures to Foster Interactions Between Children With Angelman Syndrome and Their Parents. Calculator, S. N. 11(4), 340–350.
Use of Speech by Children From Total Communication Programs Who Wear Cochlear Implants. Geers, A., Spehar, B., & Sedey, A. 11(1), 50–58.

Language Disorders in Mental Retardation

Early Communication, Symbolic Behavior, and Social Profiles of Young Males with Fragile X Syndrome. Roberts, J. E., Mirrett, P., Anderson, K., Burchinal, M., & Neebe, E. 11(3), 295–304.
Speech and Language Skills of Individuals With Prader-Willi Syndrome. Lewis, B. A., Freebairn, L., Heeger, S., & Cassidy, S. B. 11(3), 285–294.
Use of Enhanced Natural Gestures to Foster Interactions Between Children With Angelman Syndrome and Their Parents. Calculator, S. N. 11(4), 340–350.

Langauge Disorders in Personality and Psychiatric Disturbances

The Use of Rating Scales With Children Who Have Language Impairments. Redmond, S. M. 11(2), 124–138.

Assessment and Intervention

Screening

Clinical Problem Solving: Assessment of Phonological Disorders. Miccio, A. W. 11(3), 221–229.

Assessment

Accuracy of Online Language Sampling: A Focus on Verbs. Furey, J. E., & Watkins, R. V. 11(4), 434–439.
An Analysis of the Test of Language Development–Primary for Item Bias. Hammer, C. S., Pennock-Roman, M., Rzasa, S. & Tomblin, J. B. 11(3), 274–284.
Black and White Adults' Expressive Language Performance on Three Tests of Aphasia. Molrine, C. J., & Pierce, R. S. 11(2), 139–150.

Characteristics of Vietnamese Phonology. Hwa-Froelich, D., Hodson, B. W., & Edward, H. T. 11(3), 264–273.
Clinical Problem Solving: Assessment of Phonological Disorders. Miccio, A. W. 11(3), 221–229.
Early Communication, Symbolic Behavior, and Social Profiles of Young Males with Fragile X Syndrome. Roberts, J. E., Mirrett, P., Anderson, K., Burchinal, M., & Neebe, E. 11(3), 295–304.
Epilogue: Perspectives in the Assessment of Children's Speech. Williams, A. L. 11(3), 259–263.
Evaluating Articulation and Phonological Disorders When the Clock Is Running. Bleile, K. 11(3), 243–249.
Evaluating Communicative Abilities of a Highly Unintelligible Preschooler. Hodson, B. W., Scherz, J. A., & Strattmen, K. H. 11(3), 236–242.
Five Views of the Elephant: Perspectives on the Assessment of Articulation and Phonology in Preschoolers. Tyler, A. A., Tolbert, L. C., Miccio, A. W., Hoffman, P. R., Norris, J. A., Hodson, B., Scherz, J., & Bleile, K. 11(3), 213–214.
Phonological Assessment as an Integral Part of Language Assessment. Hoffman, P. R., & Norris, J. A. 11(3), 230–235.
Speech-Language Assessment in the Clinical Setting. Tyler, A. A., & Tolbert, L. 11(3), 215–220.
The Sixth View: Assessing Preschoolers' Articulation and Phonology From the Trenches. Khan, L. M. 11(3), 250–254.
The Use of Rating Scales With Children Who Have Language Impairments. Redmond, S. M. 11(2), 124–138.
Typical and Atypical Language Development in Infants and Toddlers Adopted From Eastern Europe. Glennen, S., & Masters, M. G. 11(4), 417–433.

Intervention

A Sequential Analysis of Children's Responsiveness to Parental Print References During Shared Book-Reading Interactions. Justice, L. M., Weber, S. E., Ezell, H. K., & Bakeman, R. 11(1), 30–40.
Evaluating Communicative Abilities of a Highly Unintelligible Preschooler. Hodson, B. W., Scherz, J. A., & Strattmen, K. H. 11(3), 236–242.
Shared Storybook Reading as an Intervention Context: Practices and Potential Pitfalls. Kaderavek, J., & Justice, L. M. 11(4), 395–406.
Use of Enhanced Natural Gestures to Foster Interactions Between Children With Angelman Syndrome and Their Parents. Calculator, S. N. 11(4), 340–350.
Use of Storybook Reading to Increase Print Awareness in At-Risk Children. Justice, L. M., & Ezell, H. K. 11(1), 17–29.

Nonspeech Communication Systems

Speech Recognition Technology Applications in Communication Disorders. Venkatagiri, H. S. 11(4), 323–332.
Use of Enhanced Natural Gestures to Foster Interactions Between Children With Angelman Syndrome and Their Parents. Calculator, S. N. 11(4), 340–350.

Language Input

A Comparison of Mothers' Individual and Simultaneous Book Sharing With Preschool Siblings: An Exploratory Study of Five Families. Van Kleeck, A., & Beckley-McCall, A. 11(2), 175–189.

Outcome Measurement

The Number of Individual Treatment Units Necessary to Facilitate Functional Communication Improvements in the Speech and Language of Young Children. Jacoby, G. P., Lee, L., Kummer, A. W., Levin, L., & Creaghead, N. A. 11(4), 367–380.

Vietnamese Phonology

Characteristics of Vietnamese Phonology. Hwa-Froelich, D., Hodson, B. W., & Edward, H. T. 11(3), 264–273.

Speech

Speech and Voice Disorders

Articulation and Resonance Disorders

Evaluating Articulation and Phonological Disorders When the Clock Is Running. Bleile, K. 11(3), 243–249.
Five Views of the Elephant: Perspectives on the Assessment of Articulation and Phonology in Preschoolers. Tyler, A. A., Tolbert, L. C., Miccio, A. W., Hoffman, P. R., Norris, J. A., Hodson, B., Scherz, J., & Bleile, K. 11(3), 213–214.
Speech-Language Assessment in the Clinical Setting. Tyler, A. A., & Tolbert, L. 11(3), 215–220.
The Sixth View: Assessing Preschoolers' Articulation and Phonology From the Trenches. Khan, L. M. 11(3), 250–254.
Two Comments on This Assessment Series. Lof, G. L. 11(3), 255–256.
Stuttering and Phonology: Is There an Interaction? Nippold, M. A. 11(2), 99–110.

Physiologically Based Speech Disorders

Binding the Abdomen Can Improve Speech in Men With Phrenic Nerve Pacers. Hoit, J. D., Banzett, R. B., & Brown, R. 11(1), 71–76.

Speech and Voice Disorders in Personality and Psychiatric Disturbances

Retrospective Examination of Failed Rate-Control Intervention. Marshall, R. C., & Karow, C. M. 11(1), 3–16.

Stuttering and Other Fluency Disturbances

Fluency of School-Aged Children With a History of Specific Expressive Language Impairment: An Exploratory Study. Boscolo, B., Bernstein Ratner, N., & Rescorla, L. 11(1), 41–49.
Speaking Slowly: Effects of Four Self-Guided Training Approaches on Adults' Speech Rate and Naturalness. Logan, K. J., Roberts, R. R., Pretto, A. P., & Morey, M. J. 11(2), 163–174.
Stuttering and Phonology: Is There an Interaction? Nippold, M. A. 11(2), 99–110.
The Tudor Study: Data and Ethics. Ambrose, N. G., & Yairi, E. 11(2), 190–203.

Voice and Other Laryngeal Disorders

Chant-Therapy for Treating Vocal Fatigue Among Public School Teachers: A Preliminary Study. McCabe, D. J., & Titze, I. R. 11(4), 351–366.
Current Perspectives on the Lee Silverman Voice Treatment (LSVT) for Individuals With Idiopathic Parkinson Disease. Fox, C. M., Morrison, C. E., Ramig, L. O., & Sapir, S. 11(2), 111–123.

Assessment and Intervention

Screening

Clinical Problem Solving: Assessment of Phonological Disorders. Miccio, A. W. 11(3), 221–229.

Assessment

Chant-Therapy for Treating Vocal Fatigue Among Public School Teachers: A Preliminary Study. McCabe, D. J., & Titze, I. R. 11(4), 351–366.
Characteristics of Vietnamese Phonology. Hwa-Froelich, D., Hodson, B. W., & Edward, H. T. 11(3), 264–273.
Clinical Problem Solving: Assessment of Phonological Disorders. Miccio, A. W. 11(3), 221–229.
Commentary on "Evaluating Articulation and Phonological Disorders When the Clock Is Running." Ingram, K., & Ingram, D. 11(3), 257–258.
Epilogue: Perspectives in the Assessment of Children's Speech. Williams, A. L. 11(3), 259–263.
Evaluating Communicative Abilities of a Highly Unintelligible Preschooler. Hodson, B. W., Scherz, J. A., & Strattmen, K. H. 11(3), 236–242.
Expressive Vocabulary of German-Engiish Bilingual Toddlers. Junker, D. A., & Stockman, I. J. 11(4), 381–394.
Five Views of the Elephant: Perspectives on the Assessment of Articulation and Phonology in Preschoolers. Tyler, A. A., Tolbert, L. C., Miccio, A. W., Hoffman, P. R., Norris, J. A., Hodson, B., Scherz, J., & Bleile, K. 11(3), 213–214.
Phonological Assessment as an Integral Part of Language Assessment. Hoffman, P. R., & Norris, J. A. 11(3), 230–235.
Prologue: Perspectives in the Assessment of Children's Speech. Williams, A. L. 11(3), 211–212.
Speech-Language Assessment in the Clinical Setting. Tyler, A. A., & Tolbert, L. 11(3), 215–220.
Two Comments on This Assessment Series. Lof, G. L. 11(3), 255–256.

Acoustic Measures of Speech and Voice

Speaking Slowly: Effects of Four Self-Guided Training Approaches on Adults' Speech Rate and Naturalness. Logan, K. J., Roberts,

R. R., Pretto, A. P., & Morey, M. J. 11(2), 163–174.

Intervention

Binding the Abdomen Can Improve Speech in Men With Phrenic Nerve Pacers. Hoit, J. D., Banzett, R. B., & Brown, R. 11(1), 71–76.

Chant-Therapy for Treating Vocal Fatigue Among Public School Teachers: A Preliminary Study. McCabe, D. J., & Titze, I. R. 11(4), 351–366.

Current Perspectives on the Lee Silverman Voice Treatment (LSVT) for Individuals With Idiopathic Parkinson Disease. Fox, C. M., Morrison, C. E., Ramig, L. O., & Sapir, S. 11(2), 111–123.
